My main concern with receiving these before the first of the month is just that on the invoices where quarterly expenditure adjustments are made, you may not have your quarterly expenditure report ready prior to submitting the invoice if you submit it before the first of the month.

Good Morning Emily,

Attached is our February Invoice. Quick question, do you prefer receiving these on the first business day of each month or can we send them to you a day or two before?

Have a great day!

Carrie
